OBJECTIVE

Motivated Information Technology student with a strong foundation in networking, hardware configuration, and problem-solving. Seeking an internship to apply hands-on experience in network administration and IT infrastructure optimization.

TECHNICAL SKILLS

- **Networking:** Cisco Router & Switch Configuration (Console/CLI) | LAN/WAN Setup | TCP/IP | RJ-45 Cabling (Crossover/Straight-through).
- **Software/Tools:** Python | Java | C++ | JavaScript | HTML/CSS | SQL | Bash | Git | Wireshark | Linux (Ubuntu) | Cisco Packet Tracer.
- **Certifications & Knowledge:** Network Security | Wireless Networks | Database Management.

EDUCATION

NJIT - Ying Wu College of Computing | B.S. in Information Technology Sept 2023 – Present

- **Relevant Coursework:** Network Security | Wireless Networks | Advanced Networking | Database Management.

CCM - County College of Morris | A.S. in Computer Science (GPA: 3.6/4.0) Jan 2021 – May 2023

- **Relevant Coursework:** Several Programming Languages | Foundations of Computer Science | Computer Architecture | Principles of Software Engineering

TECHNICAL EXPERIENCE NJIT / Informatics Department

Jan 2024 – Present

- **Configuration:** Conducted physical and logical configuration tasks for Cisco routers and switches via console logging to ensure optimal performance.
- **Hardware Setup:** Fabricated custom RJ-45 crossover and standard ethernet cables and assisted in the preparation of hardware for practical lab exercises.
- **Troubleshooting:** Resolved technical issues related to student computer systems, software, and network connectivity during lab sessions.
- **Instruction:** Delivered practical demonstrations and technical guidance to peers regarding networking concepts and IT protocols.
- **Maintenance:** Ran diagnostics on lab equipment and maintained structured cabling within the networking lab environment.

WORK EXPERIENCE

Ana Electricity | Electrician

Feb 2020 – Apr 2022

- Installed and maintained low voltage systems including CCTV, data networking, and fire alarm systems.
- Diagnosed electrical malfunctions to ensure safety compliance and interpreted technical manuals for complex system installations.

Pro-Tech Solution | Assistant Handyman

June 2022 – Sept 2025

- Collaborated with teams to complete residential maintenance projects and interpreted blueprints and technical documentation.
